This document describes shared amenities, acceptable use, and room-specific facilities on the fictional Roomly platform.

1. Standard facilities

• Wi-Fi is available in all rooms. Internet performance is not guaranteed.

• Conference Room A (up to 10 people): Wi-Fi, projector, and whiteboard.

• Meeting Room B (up to 5 people): Wi-Fi and whiteboard; no projector.

2. Access and time limits

• Customers may enter their booked room up to 10 minutes before the reservation start if the room is ready.

3. Conduct and care

• Smoking and vaping are prohibited in all rooms.

• Covered drinks are allowed; customers should avoid messy food and keep work surfaces clean.

• Report equipment problems or damage to the support contact. Do not attempt electrical repairs.

4. Support

• For policy questions, use the Roomly AI help widget. If an answer cannot be found, the demo should say that the information is unavailable rather than inventing a rule.

• This demo does not provide an operational reception desk or real customer service channel.
